Cancellation

The deposit is refunded in case of cancellation until 6 weeks before the workshop starts. Workshops may be cancelled by me in cases of force majeure; the deposit will then be reimbursed.

Workshop Preparation

You will get the following materials:

- One woodblock from solid wood (alder or linden wood) and one from plywood (poplar) in the size of 24 x 31 cm (printing size about 21 x 30 cm)
- Respectively five sheets of three Japanese papers

During the workshop, many Japanese tools are available (knives, brushes, printing tools). If you have some woodblock knives you can bring them too.

The woodblocks can be used from both sides. Thus a woodblock print from two up to four plates can be created (depending also on the cutter's working speed ;-). In general, for every colour one plate has to be cut (unless there is space of at least 5 cm between areas of different colour). By creating overlapping areas from different blocks, mixing tones can be achieved.

If you do not want to design your print spontaneously, please bring some drawings or a sketch book.
